MEDICINAL.

HURRY UP!

Everywhere one hears that expression
"hurry up!" It is a genuine Americanism
expressive of the
"rush" in which we
live. Nothing is swift
enough for us. We
race against steam
and lightning and find
them slow. We
grudge the time given
to eating, and rush
through meals as
though life depended
upon our haste.
Life does depend on
our haste, but not in
that sense. Look at
the obituary columns
of the papers and

that sense. Look at the obituary columns of the papers and see how many prominent men are carried away by "sto mach trouble." "acute indigestion "and other related diseases. Their lives have in genefal been sacrificed to the haste and rush of business which overlooked the fact that food can only nourish the body when digestive and assimilative processes can't be hurried.

Dr. Pierce's Golden Medical Discovery, cures diseases of the stomach and the associated organs of digestion and nutrition. The source of all physical strength is food properly digested and perfectly assimilated. By enabling the perfect digestion and nutrition. The source of all physical strength is food properly digested and perfectly assimilated. By enabling the perfect digestion and assimilation of food "Golden Medical Discovery" increases and enriches the blood supply and sends new strength to every organ of the body.

"I was at one time as I thought almost at

and sends new strength to every organ at the body.

"I was at one time as I thought almost at death's door," writes Mr. I. S. Rell, of Leando, Van Buren Co. Lowa. "I was confined to my home and part of the time to my bed. I had taken quantities of medicines but they only seemed to feed the disease; but I must say that "Golden Medical Discovery" has cured me, and to-day I am stouter than I have been for twenty years. I am now forty-three years old."

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonlo and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspensia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

DEATH OF BISHOP DUDLEY.

Bishop Thomas Underwood Dudley, of Louisville, Ky., died in New York yesterday of heart disease. Bishop Dudley, was well-known to many Balti-moreans, having been rector of Christ Church, that city. The congregation then worshipped in what is now known as the Church of the Messiah. During his rectorate Dr Dudley erected the edifice at Chase and St. Paul streets, at a cost of \$160,000. He also raised \$60,-000, which cleared the debt on the structure at Gay and Fayette streets. When the congregation moved to the new church the old building was renovated and its name changed to the Church of the Messiah. Dr. Dudley was born in Richmond, Va., September 26, 1837, and was graduated from the University of Virginia in 1858. Before entering the priesthood be was professor of Latin and Greek in the University of Virginia, and during the civil war he held a commission, in the commissary department of the Confederate army. He was ordained deacon at the Theological Semi-nary near this city in 1867 by Rt. Rev. Dr. John Johns and took charge of Harrisonburg parish, Va. He was ordained priest in 1868, and in 1869 he removed from Harrisonburg parish to Baltimere. Upon the death of the rector of Christ Church, in 1870, he was elected rector of the parish, where he remained until his elevation to the episcopate, in 1874, when he was consecrated assistant bishop of Kentuckylin Christ Church, Baltimore, by Rt. Rev. B. B. Smith. On the death of Bishop Smith, in 1884, Bishop Dud-ley, became head of the diocese. Bishop Dudley took an active interest in the negro question and achieved much praiseworthy work in this direction both in his own diocese and in interesting clergy men in other dioceses. In October, 1901, he was elected chairman of the House of Bishops, which was in session in San

KOREANS CAUSE TROUBLE.

As has been stated, Japanese railway men have been attacked by Koreans at several points along the Seoul-Fusan Railway. The Korean authorities have been notified that unless they prevent a recurrence of these disorders necessary measures to do so will be taken by Japa-

The situation in Korea is arousing fresh apprehension of renewed trouble in the far East. It has been the opinion of the military experts in Washington that in the event of war between Russia and Japan Korea would be made the battleground, at least in the beginning.

Mr. Allen, the American minister at Seoul, cabled the State Department yesterday from Scoul as follows: "Con iderable disturbances throughout Korea. The Japanese have been attacked in many

places."

It is learned in Washington that in view of the possibility of Korea being unable to afford proper protection to Japanese subjects, the Tokio authorities have dispatched a Japanese military of the highest rank—namely, a officer of the highest rank-namely, a najor general-to Seoul, where he will be in a position to direct any military operations that Japanese troops may undertake. The Korean government has 3,500 men under arms, but they have not been trained in the modern school of war, and rather resemble constabulary than soldiers. It is anticipated in Washington that Japan in Korea will repeat the performance of Russia in Manchuria and make the disturbance on the Japanese Railway the grout d for a military occupation of the line in great force, cor-responding to the Russian occupation of

the Manchurian Railway.

EUROPEAN ECONOMIC ALLIANCE.-EUROPEAN ECONOSTIC ALLIANCE.— Under the presidency of Duke Eruest Guenther of Schleswig-Holstein, Emper-or Williams brother in-law, the Middle European Economic Society has been founded in Berlin after having been un-der discussion for a year in different forms. It aims to procure the establishment of a middle European economic alliance on the lines proclaimed by Count Geluchow ski, the Austro-Hungurian Minister of, foreign affairs, several years ago. The president declared that the society was formed to defend Germany from an overformed to defend Germany from an over-flow of foreign goods to strengthen Ger-man capacity in the markets of the world and, above all, to meet American com-petition. Prof. Julius Wolff, of Breslau a noted economist, explained that the idea originated from observation of American progress, which was due to the boundless possibilities opened to that energetic race by its large and unified domestic market." It was feasible, he said, to introduce a greater division of labor and specialization both in Germany and between the countries embraced in the plan of the Middle European society with the view to cheapening production. A further step would be a reform of the most favored nation principle which must be brought into harmony with reciprocity. Probably the greater task of the society would be the creation of economic alli-ances among nations with common inter-ests. The meeting was attended by 150 leading economists, politicians, manufac-turers, merchants and land owners. It
